 Health
- 08* Additions

INJECTABLES

WRINKLE RELAXERS

Known by their brand names: Botox, Dysport, Xeomin, we utilize these medications in an artful way to quiet hyperdynamic muscles that lead to etched wrinkles in the skin.

They also have the unique ability to shape a brow, create beautiful smiles, smooth the neck.

Results last approximately 3-4 months

\$15/Unit

DERMAL FILLER

Dermal fillers are used to restore our facial volume that naturally diminishes or shifts over time. In our hands, fillers do not augment, but restore. We reestablish structure and contour, provide soft youthful volume, and smooth shadows.

Results last approximately 6-12 months with a cumulative effect

\$1000+

INJECTABLES

PRP/PRFM

Ready to rejuvenate your skin?
Platelet Rich Plasma (PRP) and growth factors back into the skin to rejuvenate and reinvigorate cellular turnover; stimulate further collagen production for a quicker healing response

\$950 per session
\$2550 for 3 sessions

PDO THREADS

Threads are dissolvable sutures that provide skin lifting in ideal candidates. Multifunctional and versatile, threads can be used anywhere we desire to improve skin quality. Lifting threads provide soft tissue support and elevation, while smooth threads thicken the dermis and build collagen. Results last approximately 6-12 months

\$1000+

SCULPTRA + RADIESSE

A bio-stimulatory injectable treatment that restores facial volume, improves skin texture and quality and can even work to restore bone loss. This treatment creates new collagen for long lasting effects. Requires multiple treatment sessions

\$1000+

KYBELLA

Kybella is administered by a series of injections which permanently destroys fat cells for face and body contouring. Requires a minimum of 3 treatment sessions.

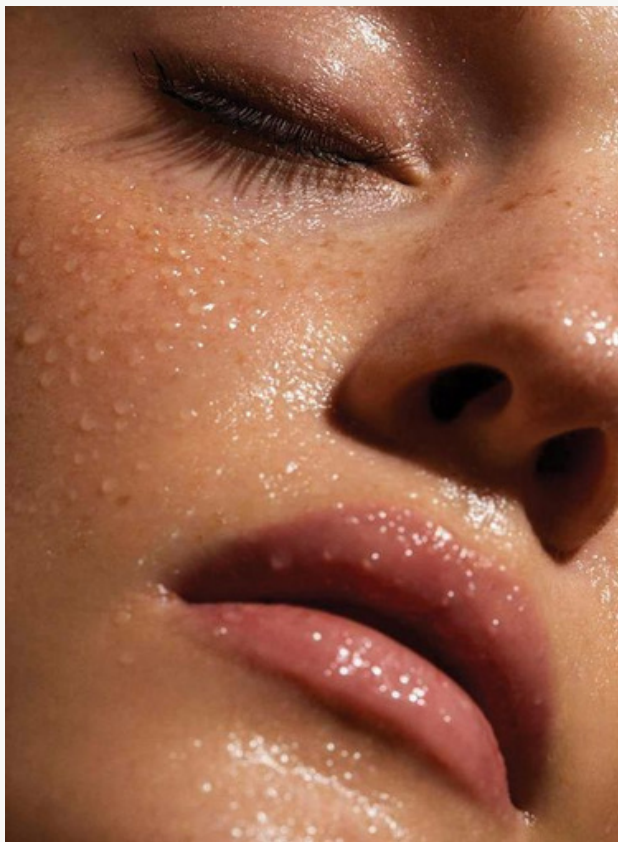

\$1500+

LASERS + MICRONEEDLING

CLEAR + BRILLIANT

Smoother, clearer + brighter skin is ahead. In this treatment, a “mini fraxel” laser penetrates the skin to create micro-injuries that trigger the production of collagen and cellular repair. Booked as a series for an improvement in skin texture & tone, fine lines and hyperpigmentation

\$750+

BBL HERO (BROAD BAND LIGHT)

The use of specific bands of light energy can renew aging skin, treat skin discolorations, remove age spots and sun spots, tighten and firm lax skin, and treat acne and rosacea. This IPL device involves the use of light energy, which heats the upper skin layers, stimulating the cells to produce higher levels of collagen and sweep away hyperpigmentation in your skin.

\$650 +

SOFWAVE SKIN TIGHTENING LASER

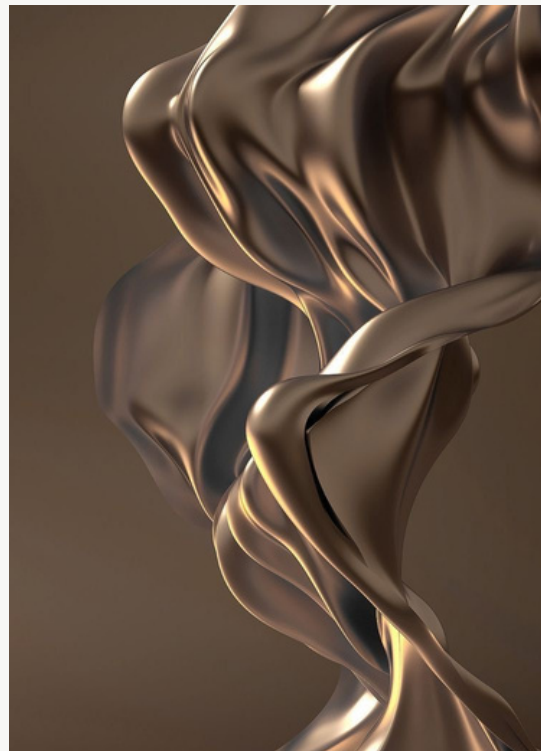

An FDA cleared ultrasound-based modality providing an increase in collagen stimulation + skin laxity in a single treatment session.

\$2000 +

LASERS + MICRONEEDLING

LASER HAIR REMOVAL

Laser Hair Removal is a pain-free and permanent treatment to reduce your unwanted hair. Get smooth, touchable skin that lasts with Icon laser hair removal. Icon treatment offers quick, easy and extremely effective treatments to permanently reduce your unwanted hair. I can safely treat all areas of the body allowing you to focus less on the hassle of shaving and waxing and more on you.

Common Areas:

- Under Arms
- Legs
- Chest
- Arms
- Lip + Chin
- Back + Abdomen
- Bikini + Brazilian

PRICED PER AREA

MICRONEEDLING +/- PRP/PRFM

A non-invasive skin rejuvenation treatment to reverse the appearance of fine lines, wrinkles, and hyperpigmentation. Multiple sessions required for best results. Add on PRP/PRFM for enhanced results

\$950 +
